

32nd SCI Anniversary Gala Dinner

Theme: "SCI Gives Back"

Held on 11 November 2010 and more than 350 professionals attended the dinner at the Holiday Inn Singapore Orchard City Centre.

Highlights of the event:

Life Time Achievement Award was presented to Er. John S Y Tan

\$15,000 Endowment Fund was presented to Singapore Polytechnic

Er. John S Y Tan

Born in December 1938, and graduated with the degrees of Bachelor of Engineering (Civil) from the University of Malaya in 1964, he started his engineering profession as an engineer in Binnie and Partners, a firm of Consulting Engineers from England but based in Kuala Lumpur, Malaysia.

After fulfilling his pupillage with one year design of structures (folded plate roof structure) and two years of practice as a supervising engineer on the construction site of the Damansara Earth dam, he was sent as assistant resident engineer to supervise the construction of the Seletar earth dam project in Singapore, and then as resident engineer of the Upper Peirce dam project in Singapore. For a period of 6 years, he was employed as a Design Engineer in Hume Industries Singapore, in charged of designing concrete pipes and prestressed concrete piles and bridge beams. His experience was recognized with a corporate membership in the Institution of Civil Engineers, England. He later joined CMP Consultants, an Australian consulting firm to be the Forward Planning Director and developed new business plans including embarking into a new activity in organizing international conferences as a career.

His involvement and contribution in his membership in the Institution of Engineers (Malaysia and the Institution of Engineers (Singapore), (he is now a fellow of IES) provided him much opportunities to meet with professors and professionals in the Universities and Industry. His peers were worried for him when he decided to quit professional consulting engineers practice (although he held the Practising Certificates as PE (Malaysia) and PE Singapore) to endeavour into international conference organizing as a business in 1978. Today, he is probably the only engineer who can boast of organizing an international conference annually without interruption for 36 years, the Conference on OUR WORLD IN CONCRETE & STRUCTURES where most prominent professors have addressed the platform.

For this dedication and contribution to promoting excellence in engineering and technology, Er John S Y Tan was awarded “**Life Time Achievement Award**” by the **Singapore Concrete Institute last year (2010)**.

He has to his credit planned, produced, organized and presented successfully some 250 international conferences, seminars and workshops in the field of civil, structural, geotechnical engineering in close to 20 countries in the world.

Even though, he was stricken by Glaucoma, the thief of sight, with only 25% vision now available to him, he is still planning, master minding new topics, continuing and organizing conferences in cities and countries he wishes to visit. He is at the same time very passionate about ‘helping the community on avoidable blindness’ and with his deep involvement in the Rotary movement, he chairs the District Committee to create awareness on the prevention against sight-loss.

He had organized an eye screening clinic and forum for members of the Institution of Engineers (Singapore) and the community at large. He was given the “Visionary Award” at the 6th National Congress on Optometry and Opticianary”.

John SY Tan is married to the school teacher Lim Chor Yeow and they have 3 children.

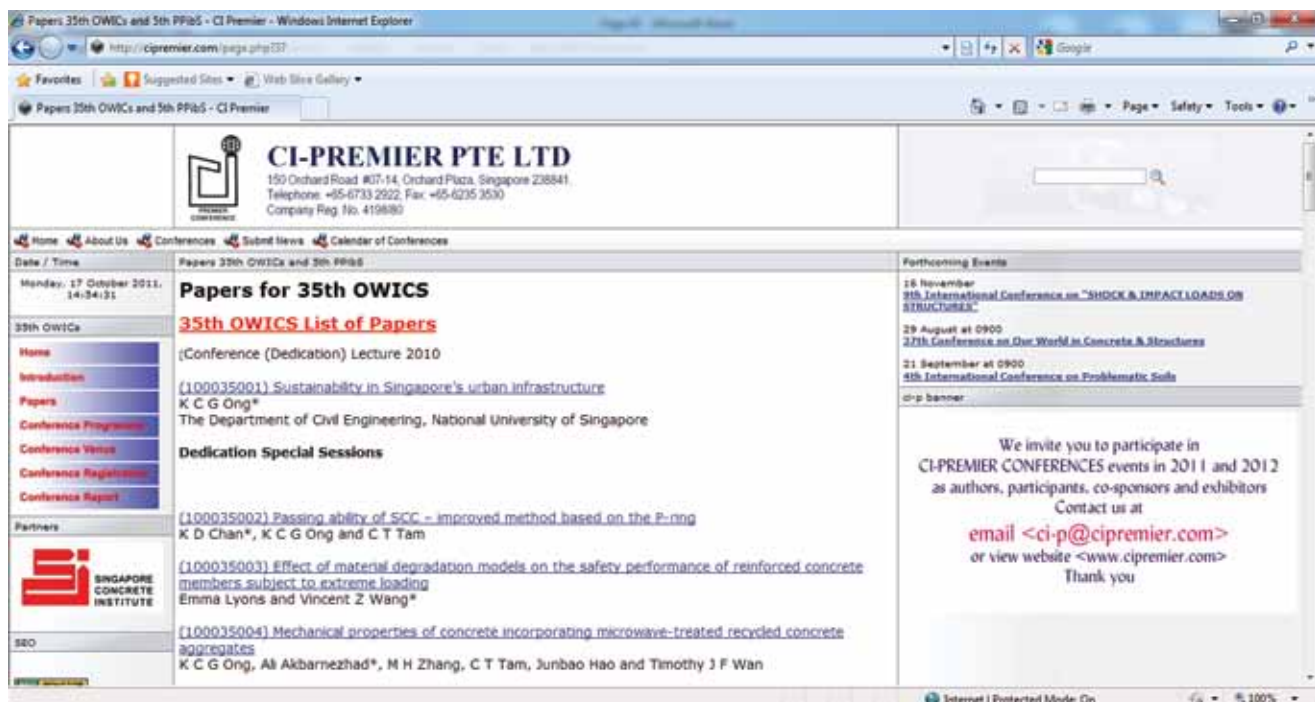

Signing of MOU Between CI-Premier and Singapore Concrete Institute

Singapore Concrete Institute and CI-Premier Pte Ltd have signed an agreement to archive all the papers published through "Our World in Concrete and Structures (OWICS)" and host them online for the benefit of the society.

It's our pleasure to inform you that all **112 papers** form 35th Our World in Concrete and Structures 2010 and 34th Our World in Concrete and Structures 2009 were posted online and can be downloaded free of charge.

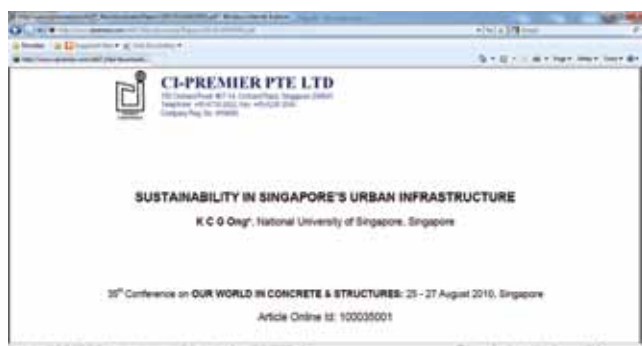

There is good news for Authors as well, now the publication is **OPEN ACCESS** and the Papers are **Indexed with Google Scholar**.

To access the papers online, Please visit www.cipremier.com, go to <http://cipremier.com/page.php?37> or <http://cipremier.com/page.php?52> or simply type in your browser www.cipremier.com/100035 or www.cipremier.com/100034.

Click on any of the articles in middle section to download the full paper. The other series will be published online gradually. Please click Home and sign up as a user to receive the latest Call for papers or release of papers on the website.

There are numerous useful papers published through this series. We hope providing the free and full access to all the papers can serve the interest of society and improve the readership of articles as well. There is a search window on top right side of the website, do search for your keywords and hopefully you can find the relevant and useful information.

Half Day Seminar

Barriers to Progressing Concrete into 21st Century

Date: 11 November 2010

Venue: Orchid Room, Holiday Inn Singapore Orchard City Centre

Speaker: Professor Ravindra K Dhir, Division of Civil Engineering
Faculty of Engineering and Physical Sciences, University of Dundee
3 PDU Points Awarded and 20 participants attended this Seminar

One Day Seminar

Recycled and Secondary Aggregates : Use in Concrete Construction

Date: 12 January 2011

Venue: Singapore Polytechnic

Speaker: Professor Ravindra K Dhir, Prof Gary Ong & Dr Ho Nyuk Yong
5 PDU Points Awarded and 53 participants attended this Seminar

One Day Seminar

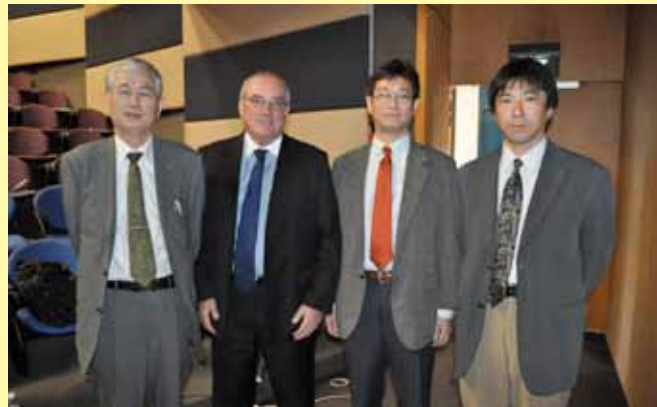

Practical Guideline for Investigation, Repair and Strengthening of Cracked Concrete Structure - 2009

Date: 8 March 2011

Venue: Singapore Polytechnic

Speakers: Prof. Nobuaki Otsuki, Tokyo Institute of Technology
Associate Prof. Kei-ichi Imamoto, Tokyo University of Science
Prof. Makoto Hisada, Tohoku University
Mr. Willie Kay, WAK Technologies Pte Ltd
6 PDU Points Awarded and 155 participants attended this Seminar

SCI Social Networking Night Penny Black, Boat Quay on 24th March 2011

SCI holds several networking nights through the year. The first networking night for the period of November 2010-October 2011 was organized on 24th March 2011. This event was sponsored by Singapore Concrete Institute and 20 participants attended the event with lots of camaraderie spirit and socializing mood.

SCI Annual General Meeting 29th April 2011

SCI Annual General Meeting is organized once a year to select new board of directors. The 33rd Annual General Meeting was organized on 29th April 2011 at NUSS Suntec City Guild House.

BCA ACADEMY
OF THE BUILT ENVIRONMENT

acise american concrete institute
SINGAPORE CHAPTER

**BCA Academy, SCI and ACI(SC)
The fourth round for the Certificate in
Concrete Technology course for
technical personnel in Ready-Mix-Concrete
industries was organized on 10th May 2011
and 26 participants attended this course.**

Evening Talk

Corrosion Prevention, Corrosion Control and Cathodic Protection of Reinforced Concrete Structures

Jointly organized by SCI and Estop (Singapore) Pte Ltd

Date: 21 July 2011

Venue: NUSS Suntec City Guild House

Speaker: David Whitmore

Vector Corrosion Technologies

2 PDU Points Awarded and 42 participants attended this Seminar

SCI Social Networking Night Penny Black, Boat Quay on 19th May 2011

The second networking night for the period of November 2010-October 2011 was organized on 19th May 2011. This event was generously sponsored by Qingjian Realty Pte Ltd and 33 participants attended the networking night.

Singapore Concrete Institute industry dinner

Singapore Concrete Institute hosted Industry dinner on 10th August 2011 for SCI & SSSS directors. The event was organized to promote good relationship between the two Societies and brainstorm for future collaborative projects.

The industry dinner was generously sponsored by WAK Technologies Pte Ltd.

Singapore Concrete Institute supported the 36th Our World in Concrete and Structures Conference.

Dinner on 15 Aug 2011 at Singapore Recreation Club

SCI Social Networking Night Penny Black, Boat Quay on 25th August 2011

The third networking night for the period of November 2010-October 2011 was organized on 25th August 2011. This event was generously sponsored by BASF South East Asia Pte Ltd and more than 100 participants attended the networking night.

Half Day Seminar

Buildsmart Leadership Seminar

Jointly organized by BCA and SCI on 22nd September 2011 at MND Auditorium. The seminar themed “ Productivity Through the use of Innovative Concrete Solutions “ aimed to promote the BCA’s Construction Productivity and Capability Fund and to encourage the industry to adopt technology and upgrade their workforce. More than 150 participants attended this seminar.

SCI Accreditation Schemes

Waterproofing Accreditation Scheme

Singapore Concrete Institute's Accreditation Scheme for Waterproofing Specialist Contractors was launched in September 2004. The aim of this scheme is to ensure minimum competency and raise the capability of waterproofing specialist contractors serving the construction industry in the longer term. It also provides recognition to contractors who are committed to deliver quality works. This scheme is managed by the Singapore Concrete Institute (SCI) as part of the effort to promote greater self-regulation by the industry.

The accreditation criteria were developed jointly by the SCI and Building and Construction Authority (BCA) with inputs from Waterproofing specialists and the Waterproofing Trade Association. Real Estate Developers' Association of Singapore

(REDAS) had given their support on the scheme and would encourage its members to specify the use of accredited contractors for their projects.

Accreditation Grading And Accreditation Process

There are three categories of grading under the accreditation; they are W1, W2 and W3. Waterproofing specialist contractors will be assessed using the accreditation criteria during the accreditation audit. Subsequently, the accredited contractors will be assessed annually for compliance in order to retain their grading.

Accreditation Criteria

The accreditation criteria are based on three main areas. They are:

- Financial & Track Records
- Human Resources
- In-house Quality Management System

Benefits of Accreditation

The benefits of the scheme include:

- To recognise contractors who are committed to deliver quality waterproofing works, the Building and Construction Authority (BCA) has agreed to award full points for the in-process check of internal wet area waterproofing for projects assessed under CONQUAS, if the waterproofing work is carried out by a SCI waterproofing accredited firm. On-site verification is not required.
- This will certainly add value to the SCI Accreditation Scheme as main contractors will be encouraged to engage accredited firms to carry out waterproofing works for their projects.
- Improved marketability and competitiveness
- Supported by REDAS
- Enhanced public image of firms

Enquiry

For more information, please contact Ms Edina Koh (Tel: 6325 5085).

Precaster Accreditation Scheme

Background

The Singapore Concrete Institute's Precaster Accreditation Scheme was launched on 1st January 2007. The scheme aims to improve the quality and productivity of precasters serving the construction industry. It also provides recognition to precasters who are committed to quality and safety of the production plant and products. The scheme is open to local and overseas precasters which have their fabrication yard located outside Singapore. This scheme is managed by the Singapore Concrete Institute (SCI) as part of the effort to promote greater self-regulation by the industry. The accreditation criteria were developed jointly by the SCI and the Building and Construction Authority (BCA) with inputs from the precasters.

Accreditation Categories & Criteria

There will be three Categories of Accreditation:

Category PC1

Precaster that has the financial, human resources, plant and design capabilities to fabricate Structural Building and Structural Civil Engineering Elements of more than or equal to \$30 million in contract value for the past 3 years.

Precaster Accredited Firms

The Pathumthani Concrete Co Ltd

1339 Pracharaj Road Bangsue Bangkok Thailand
Tel: 02-5870199 Fax: 02-5874774
admin@paco-group.com

Sunway Concrete Products (S) Pte Ltd

4 Tampines Industrial Street 62 Spore 528817
Tel: 6583 8089 Fax: 65810482
sunwaycp@singnet.com.sg

Enquiry

For more information, please contact Steven Cheong (Tel: 6325 5020, Email: Steven_Cheong@bca.gov.sg

Category PC2

Precaster that has the financial, human resources, plant and design capabilities to fabricate Structural Building and Structural Civil Engineering Elements of more than or equal to \$5 million but less than \$30 million in contract value for the past 3 years.

Category PC3

Precaster that has the financial, human resources, plant and design capabilities to fabricate Non-Structural Building and Non-Structural Civil Engineering Elements.

Definition

1. Structural Building and Structural Civil Engineering Elements shall include but not limited to column, beam, double-T beam, hollow core slab, prestressed plank, household shelter, structural faade with built-in beams, staircase, balcony, parapet wall, gable end wall, faade (without beam), water tank, prefabricated bathroom, road viaduct components, MRT and LRT viaduct components, pedestrian overhead bridge components, deep sewerage tunnel components, MRT tunnel components, RC pile, spun pile, box culvert, sewerage tunnel, drainage tunnel.
2. Non-Structural Building and Non-Structural Civil Engineering Elements shall

- 2 include but not limited to internal partition wall, cladding, sun breaker, refuse chute, roofing slab, interlocking block/paver, manhole chamber ring, RC cover for sewer manhole, U-drain.

The accreditation criteria are based on two main areas. They are:

- Management and Facilities
- Track Record and Design Capability

Precaster Accreditation Process

Precasters will be assessed using the accreditation criteria during the accreditation audit. Subsequently, the precaster will be assessed annually for compliance in order to retain its grading.

The benefits of the scheme include the following:

- Accredited Precasters can pride themselves to be recognised as among the best in the industry, having achieved the required standards in its class of accreditation
- The Accreditation Register will be a good source for selection of reliable precasters.
- The scheme will encourage continual improvement and professionalism as Accredited Precasters aspire to upgrade to higher categories.

SCI Memberships

GROUP MEMBERS shall be corporate bodies or organizations acceptable to the Board of Directors and engaged in or concerned with any business relating to concrete technology. Each Group Member shall be represented by one nominee.

Members Benefits

- \$250 worth of coupons will be given to Group Members upon joining. All the coupons can be used to redeem fees of courses and workshops conducted by SCI (up to 50% of registration fee) and up to a maximum of \$150 can be used to pay for the next membership renewal. The coupons will be valid for 1 year from date of issue. Join NOW to take advantage of this special promotion - valid for a limited period only!
- Put your company logo in the Group Member page and useful link.
- Put the link of your company website in the Group Member page and useful link Page.
- Full access to all the Technical reports, Journal papers on SCI website.
- Access to read the books and some selected complete projects on SCI website online.
- Subscription to SCI E-newsletter
- Advertise your Job Position on our website
- A certificate will be issued to acknowledge your group membership.
- Free standard listing in **SCI concretus** directory
- Lots of other attractive benefits are awaiting for you, please join us today to enjoy all these benefits.

Membership Rates \$578 per annum

ORDINARY MEMBERS shall be persons whom the Board of Directors consider to be professionally qualified in fields related to concrete technology.

Members Benefits

- Full access to all the Technical reports, Journal papers on SCI website.
- Access to read the books and some selected complete project on SCI web site online.
- Subscription to SCI E-newsletter
- A certificate will be issued to acknowledge your ordinary membership.
- Lots of other attractive benefits are awaiting for you, please join us today to enjoy all these benefits.

Membership Rates \$40 per annum

ASSOCIATE MEMBERS shall be persons who are concerned with and interested in concrete technology, and are acceptable to the Board of Directors.

Members Benefits

- Full access to all the Technical reports, Journal papers on SCI website.
- Access to read the books and some selected complete project on SCI web site online.
- Subscription to SCI E-newsletter
- A certificate will be issued to acknowledge your ordinary membership.
- Lots of other attractive benefits are awaiting for you, please join us today to enjoy all these benefits.

Membership Rates \$40 per annum

SEMINAR ON

OUR

WORLD
IN

CONCRETE

PREMIER
CONFERENCES

The 37th Conference on OUR WORLD IN CONCRETE & STRUCTURES

Singapore, 29-31 August 2012

The theme: - The Art, Science and Practice of Concrete.

INVITATION TO SCI MEMBERS - REGISTER NOW!

**Specially subsidised registration for 'bona-fide' SCI members
SGD700/-, please quote your membership reference"**

The conference will be dedicated to Mr. Willie Kay

OWICS12 is very special as we are dedicating it to Mr. Willie Kay for his support of this conference series and for his acknowledged contributions to concrete and structures. He will deliver the OWICS12 Conference lecture entitled "Construction Chemicals – Past, Present and Future"

CALL FOR PAPERS

We invite original papers of relevance to this theme and the other traditional topics:

- Concrete design & analysis for buildings & structures
- Concrete mix design, quality control and production
- Concrete technology, ready-mix, SCC, RCC
- Concrete prefabrication
- Concrete plant, equipment and machinery
- Concrete repairs and rehabilitation
- Concrete materials, composites
- Concrete construction and safety
- Concrete application in roads, bridges, tall buildings, tunnels, underwater, underground, etc
- SPECIAL SESSIONS on selected and special topics

CALL FOR PAPERS

- Last date to receive abstracts (in one A-4 size)
- Notification of acceptance
- Full text in required format to be received by
- Conference dates
- 30 April 2012
- 15 May 2012
- 30 June 2012
- 29-31 August 2012

Conference Awards

– for original and outstanding papers presented at the conference
There will be 2 "Young Concrete Researcher Awards", 1 Special Award and 10 open category awards

Special Section on "Chemical and mineral admixture for more sustainable structure"

International Advisors:

- Prof György L. Balázs, President of fib and Budapest University of Technology and Economics
- Dr. P R Swarup, Chair, ACCI and D-G, Construction Industry Development Council, India
- Prof Frank Dehn, Chairman fib Commission 8 on concrete, MFPA Leipzig GmbH, Germany
- Prof Klaas van Breugel, CITG, Delft University, The Netherlands
- Mr David Ball, President of UK Concrete Society

Conference Committee

- Er John S Y Tan, Director
- Mr Yogesh Chhabra, Novaars International Pte Ltd, Singapore, master of ceremonies
- Mr Sabet Divsholi Bahador, Nanyang Technological University, Singapore – co-ordinator
- Ms Peggy L P Teo, CONLOG, Secretariat
- Ms Amanada Quek, CONLOG, IT/Programme manager
- Members:
 - Mr Chris Stanley, Unibeton, UAE, Concrete Quiz Organiser
 - Mr Yeo Peng How, ReadyMixed Concrete Association of Singapore
 - Mr Casey Teo, W R Grace (Singapore) Pte Ltd
 - Mr Arnold DeSilva, BASF, Singapore
 - Dr Ramanathan Krishna, former Secretary General of the Indian Concrete Institute
 - Wee Teck Tan, S-G, The Asian Concrete & Construction Institute

KeyNote Speakers

- Dr. P R Swarup, Chair, ACCI and D-G, Construction Industry Development Council, India
- Mr Chris Stanley, Unibeton, UAE, Concrete Quiz Organiser
- Prof Frank Dehn, Chairman fib Commission 8 on concrete, MFPA Leipzig GmbH, Germany
- Prof Klaas van Breugel, CITG, Delft University, The Netherlands
- Mr David Ball, President of UK Concrete Society

For enquiries and submission of abstracts, please direct to the Conference Secretariat:

A CONCRETE PARTNERSHIP

From its beginning in 1999, Pan-United Concrete Pte Ltd has grown significantly into Singapore's largest ready-mixed concrete (RMC) supplier, providing unparalleled services and quality while developing value added solutions for clients in the public and private sectors.

We have the most innovative technology in the business, and extensive experience in mega-sized projects requiring all types of concrete, waterproof and pavement-quality concrete. As proof of our unsurpassed offering, we have achieved the distinction of being the first RMC supplier to be certified SSEN206-1:2009.

Backed by dedicated professionals with a wealth of experience, Pan-United boosts a high standard of quality throughout its operations – from procurement to production, testing, logistics management and sales. Our laboratory is SAC-Singlas 17025 accredited and equipped with the latest technologies for testing raw materials and concrete.

Concrete production never sleeps. Our facilities are geared to meet your requirements. With the largest network of fully computerized batching plants and fleet of mixer trucks (7 m³, 8 m³ and 9m³), we are capable of supplying RMC continuously round-the-clock and our experienced personnel ensure their timely delivery and services.

THINK MORE INNOVATIVELY

We are AECOM. We integrate construction with design and engineering capacities — which include economics, environmental planning, masterplanning, landscape and urban design, infrastructure design, civil and structural engineering, mechanical and electrical engineering, project management and construction management.

AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering holistic solutions that create, enhance and sustain the world's built, natural, and social environments.

Find out more about AECOM and its services at www.aecom.com
