

SCI EXCELLENCE AWARDS 2017

The Singapore Concrete Institute's SCI Excellence Awards, in its 7th year, continues to recognize the contribution of individuals and companies towards improvement of productivity in their building or civil engineering projects.

The Award aims to:

1. encourage designers to introduce labour-efficient idea, material and design
2. encourage project team to adopt labour-saving construction methods through introduction of alternative material, formwork system, precast technology, project planning, etc.
3. recognize individuals and project team for the effort towards enhancing productivity through project planning and coordination, construction technology and project management

Awards will be given out to the following categories:-

1. Builders – contractors in both building and civil engineering works, M&E contractors, specialist like piling, precast, etc.
2. Professionals – all discipline including specialist consultants
3. Innovators – product and technology developers and suppliers,

Nominations are welcome from all players of the building and construction industry including academia, developers, consultants, contractors, specialist contractors, suppliers (material, technology, services, etc), plant & equipment suppliers.

ASSESSMENT

Submissions are assessed by a panel of judges to be appointed by the Board of Directors of Singapore Concrete Institute.

The submissions are assessed according to the following criteria:-

1. description of project highlighting the key features contributing towards productive solutions
2. structural buildable features
3. architectural buildable features
4. M&E buildable features
5. constructability
6. simplification for construction
7. design, material and construction methodology
8. why project deserves an award

The decision of the assessment panel shall be final. The decision by the panel to award or withhold shall not be disputed and no correspondences will be entertained.

ELIGIBILITY

All on-going and completed projects are eligible for the award. The eligibility for completed projects is extended to projects completed in the last five years.

ENTRY FORM

This form together with attached form is to be completed and returned not later than **18 October 2017** to:

Singapore Concrete Institute
Attn: Edina Koh
scinst@scinst.org.sg

1. Project Title: _____

2. Category of Entry: Builders
 Consultants
 Innovators

3. Project Team (indicate name, organization & email address)

Client: _____

Architect: _____

C&S Engineer: _____

M&E Engineer: _____

Builder: _____

Innovator: _____

CLOSING DATE: 22 OCTOBER 2017

SCI Excellence Award (Productivity) Entry Form 2017

- Guidelines -

- a) All answers must be clear and objective, describing how the productivity was enhanced.
- b) Avoid “yes” and “no” answers. Be as explicit as possible.
- c) When citing examples, measureable data, images, photos and indicators in your answers, it is recommended to present the source of the information.
- d) When presenting indicators, do so in a comparative manner (e.g. current year X vs. previous year Y).
- e) The entry form must be signed and submitted to Edina Koh: scinst@scinst.org.sg latest by **22 October 2017**.
- f) Answer all questions on the entry form.
- g) Annexes will not be accepted (paste the information in the body of the entry form).

Select Category	Builders	Professionals	Innovators
-----------------	----------	---------------	------------

1. Title of the proposed project

**2. Project Team: Name of each member, Organisation, Designation & Email
(Appoint a Team Leader who will be the contact point with SCI)**

3. Description of the achievement
(problem, solution, origin, novelty, advantage over state of the art)

INTRODUCTION

THE CHALLENGES

SOLUTIONS

ADVANTAGES OF PROPOSED SOLUTIONS

4. Sequence of events from idea to realization (timeline, milestones)

5. Please insert any other relevant documents/charts/photos etc which will assist in illustrating your case.

**6. Why do you think you should win the SCI Excellence Award?
(max 500 characters)**
