IMPORTANT NOTES ON ACCREDITATION:-**(1) Provisional Certification:**

After the PBU Manufacturer has obtained the Building Innovation Panel (BIP) in-principle acceptance, their plant might not be ready for production. The firm can apply for **PART 1: Documentation Audit** where Item 1.0 Quality Management System (see checklist from S/N 1.1.1 to 1.1.11) will be audited. PBU Manufacturer shall submit their plant, PBU system & project specific quality plan together with their completed application form and payment. A **Provisional Certificate** will be issued to the firm for clearing **PART 1: Documentation Audit**. The provisional certified firms are advised to proceed with the **PART 2: Plant(s) Audit** as soon as the PBU production starts which shall be arranged before the annual renewal audit.

(2) Full Certification:

Both the documentation and plant will be audited together. A Certificate of Accreditation will be awarded to the accredited PBU Manufacturer. PBU Manufacturer is advised to submit their application(s) for accreditation in a timely manner such that the audit can be conducted for **Full Certification**.

(3) Re-audit

For any **major nonconformities or critical lapses**, there will be a **re-audit** at the plant to verify that the corrective and preventive actions are implemented effectively. **A re-audit fee will be charged.**

(4) In-Process Assessments

The Company has to prepare for in-process assessments as required by SCI's auditor for the accreditation. The main in-process assessments are as follows:

- a) Steel framing works
- b) Tiling works on floor and wall
- c) Waterproofing works*
- d) Installation of door & window
- e) Installation of plumbing & sanitary pipes
- f) Installation of sanitary wares & fittings
- g) Protection works to finished PBU
- h) Loading/unloading of completed PBU onto trailer/lorry
- i) In-house tests in progress

** By SCI Accredited waterproofer. A grace period (from 1/10/2023 to 31/3/2024) will be given to PBU manufacturer to ensure that their waterproofing specialist is SCI accredited.*

(5) PART 2: Plant Audit

The Company is required to submit a fresh application form (use the pages 1 to 3, together with a set of the approved method statements for in-process assessments) to SCI of the plant(s) audit. The Company that has opted for separate Part 1 & Part 2 audits can make payment in two instalments to facilitate their application respectively.

(6) The Company may request for a pre-consultation session with SCI for any clarification on the Scheme.
